

AI-FIRST SECURITY TECHNOLOGY INTEGRATOR

Machine Augmented Intelligence & Autonomy

Turning cameras into intelligence.
Security into autonomous operations.

THE ONE-PAGE OVERVIEW

MAIA (formerly MAP) integrates the world's best security, AI and automation technologies into one intelligent operating platform powered by OMNISCIENT AI — the brain that turns disconnected systems into predictive, autonomous operations.

FIVE PILLARS

Perceive

Unify every feed

Understand

Learn context

Predict

Forecast risk

Act

Automate response

Empower

Business insight

AUTONOMOUS OPERATIONS MEANS

• Fewer false alarms

• Faster response

• Predictive prevention

• Operational insight

• Lower cost per site

• Scale without headcount

BOOK A DISCOVERY CALL

Let's engineer your intelligent ecosystem.
